Many property owners have already begun fuels reduction or have completed work and are ready for an inspection and **Certificate of Compliance** to be issued. If you have not completed work, the deadline for compliance is **fourteen (14) months** from the issue date of this RESPONSE FORM. In your case that means **January 15, 2007 is the deadline for compliance**. Extensions may be requested in writing if work is in progress. When work is complete, call the Village Forestry Department for your final inspection and **Certificate of Compliance**. The certificate is valid for two (2) years from issue date.

Please check one or more of the following and return via US mail or Email [kathyrichardson@voruidoso.com](mailto:kathyrichardson@voruidoso.com) for an electronic version you can complete and return via Email.

\_\_\_\_ I no longer own this property, please update your records.

\_\_\_\_ Work is complete and ready for inspection and **Certificate of Compliance**.

\_\_\_\_ Work is not complete and **I will call to schedule** a forestry lot assessment to discuss fire hazard abatement, forest health, and landscape opportunities on my property.

\_\_\_\_ Interested in working with my neighbors to establish a *FIREWISE NEIGHBORHOOD*. \_\_\_\_ I would consider helping with organizing the group.

\_\_\_\_ **I will call for more information** on the Cost-Share Program and what additional requirements are necessary to receive funding (up to 70% of pre-set limits).
