

**NEW MEXICO DRUG
RECOGNITION EXPERT
PROGRAM**

All funding for this training is paid for by a Federal grant through NHTSA/TSB. However, it should be noted each student will have to pay the cost of hotel/per diem (if they live so far as to need this) up front. Reimbursement will take place approximately two to three weeks after the conclusion of the class. Of course, the cost varies depending on Federal per diem rates for the year as well as hotel costs. Once confirmed, you will be given the per diem rate per day and hotel room rate and YOUR AGENCY can calculate how much it will cost up front. Our agency will NOT reimburse an agency, only an individual officer. The same applies to the certification phase in Arizona. Our agency will pay for the flight, but hotel and per diem must be paid by the student up front! Reimbursement will take place approximately two weeks after our return.

If interested in the 2012 DRE class, please contact below:
