**Ref: ITB #2024-006B Flood Damage Repair at Water Plant No. 1**

**ADDENDUM #2**

Purpose: This addendum is to post questions asked by potential bidders.

**Question:** How are the vendors supposed to dispose of the concrete that needs to be removed at the Flood Damage Repair at Water Plant No. 1?

**Answer:** The bid documents require that the contractor is responsible for removal of all waste and surplus materials, rubbish, and temporary construction facilities from the site.

The Village cannot recommend a specific vendor to dispose of the concrete. It is the responsibility of the contractor to find a vendor.
